

# A PATIENT'S GUIDE TO TAKING MIRAPEX TABLETS FOR PARKINSON'S DISEASE

**SUGGESTED DOSING SCHEDULE:** Your doctor may have prescribed a customized schedule for you. Please follow whichever schedule your doctor has prescribed.

## Week 1

MORNING DOSE:

1 tablet 0.125 mg

NOON DOSE:

1 tablet 0.125 mg

EVENING DOSE:

1 tablet 0.125 mg

## Week 2

MORNING DOSE:

1 tablet 0.25 mg

NOON DOSE:

1 tablet 0.25 mg

EVENING DOSE:

1 tablet 0.25 mg

## Week 3

MORNING DOSE:

1 tablet 0.5 mg

NOON DOSE:

1 tablet 0.5 mg

EVENING DOSE:

1 tablet 0.5 mg

After week 3, your doctor may decide that your dosage should be increased. If so, he or she will provide further instruction on how to take your medication. Remember, always consult your doctor before changing your dosage of MIRAPEX.

Using this dosing schedule, you will have some pills left over at the end of each week. The extra tablets contained in the bottles allow your doctor the flexibility to customize your dosing schedule.
